

Michael Vasquez - Co-founder, Chairman of the Board and Chief Executive Officer of St Gregory Centers, Inc. Since 1990 Mr. Vasquez has been the founder of industry changing health care companies in the United States.

In 1990, Mr. Vasquez founded PACE Health Management, which developed one of the first fully implemented electronic medical record systems in America. After taking the company public on NASDAQ, the company was later sold to 3M Healthcare in 1996.

In 1996, Mr. Vasquez founded CareMedic Systems which developed the first real-time processing capability for hospitals directly into Medicare. The Mayo Foundation purchased a portion of the company in 1999 and later 1,500+ hospitals and clinics implemented the software. By 2004 CareMedic Systems processed an estimated \$39 billion in Medicare revenue for most of the leading hospitals in America. The company was sold to a division of United Healthcare in 2009.

In 2000, he was named Ernst & Young "Entrepreneur of the Year" and inducted into the Entrepreneur of the Year "Hall of Fame"

A graduate of Southeast Polk, he received his Executive Health Management Certificate, Harvard School of Public Health; Drake University, BS.
